Mst Happy Khatun

Front-end Web Developer

CAREER OBJECTIVE

Motivated and detail-oriented Diploma in Engineering (Computer Science) graduate with professional training in Web Development and Front-End Development with React. Seeking an entry-level position where I can utilize my technical skills, contribute to real-world projects, and continue developing my expertise in modern web technologies within a dynamic organization.

PROJECT

Finsweet Landing Page

Technologies: React.js, Tailwind CSS, React Router, Slider

- Developed a pixel-perfect, fully responsive React website based on a Finsweet design with a strong focus on performance and user experience.
- Created reusable components, implemented client-side routing, and integrated interactive sliders to deliver a smooth and engaging interface.
- Ensured responsive layouts, clean code, and a consistent design across all screen sizes.
